COMIC/Kentaro Yabuki STORY/Saki Hasemi

Cast Introduction

Yami (Golden Darkness)

A terrifyingly skilled assassin, viewed as the deadliest in the universe. Having awakened to her "Darkness," she pounces upon Rito to end his life personally.

Yuuki Mikan

Rito's sister. She keeps a close watch on the love between Rito and all the other girls, and is Yami's best friend.

Lala Satalin Deviluke

The first princess of the planet Deviluke, the world which governs the entire Milky Way Galaxy. When she ran away to Earth, she happened to meet Rito, then fell in love with him and moved into his house.

Sairenji Haruna

Rito's classmate who has yearned to be with him since they were in middle school together. She confided these feelings to Lala and became her rival for his affections.

Oshizu

Full name: Murasame Shizu. A ghost inhabiting a synthetic body constructed by Mikado. After she gets to know Mea, Oshizu's reservations about her soften.

Kurosaki Mea

A living weapon based on data taken from Yami. After living in Sainan for a while, she starts to value the relationships she has built with the humans there.

Super-sweet, super-innocent Yuuki Rito's days of trouble have begun anew! In the middle of Momo's work to set up a harem for Rito (the "Harem Plan"), Yami's younger sister Mea appears on the scene. While she gradually grows accustomed to life on Earth, her master Nemesis schemes to manifest the "Darkness" within Yami. Now Mea herself has found her body hijacked by Nemesis!

Yuuki Rito

A sweet, innocent high school student who leads a life full of never-ending trouble. His heroic personality naturally attracts the love of all those around him!

Master Nemesis

A being born from a completely different plan to develop transformation weapons than the one that produced Yami and Mea. Was waiting for Yami's true essence as a weapon--her "Darkness"--to manifest.

Momo Belia Deviluke

Lala's younger sister and the third princess of Deviluke. Possesses the ability to commune with plant life. She seems sweet and innocent, but in reality, has a hidden side.

Nana Astar Deviluke

Lala's other younger sister and the second princess of Deviluke. Possesses the ability to commune with animals.

READING DIRECTIONS

This book reads from *right to left*, Japanese style. If this is your first time reading manga, you start reading from the top right panel on each page and take it from there. If you get lost, just follow the numbered diagram here. It may seem backwards at first, but you'll get the hang of it! Have fun!!

Darkness Reigns!

The terrible, *perverted* power of Darkness has completely taken hold of Yami, and there's only one thought in her twisted mind: kill Yuuki Rito! When Lala rushes to her love's defense, it's time for a no-holds-barred battle between princess and assassin. Meanwhile, Mea struggles against the domination of Master Nemesis—will she be able to regain her own body in time to stop the chaos?
